# Introduction

## Parts Book Overview

This parts book manual provides illustrations and parts listings required for you to properly identify and order spare or replacement parts for your SANY machine.

If this book becomes damaged, lost or illegible, request a replacement copy from your SANY distributor as soon as possible.

If you sell this machine, be sure to give this parts book to the new owner.

Improvements in the design can lead to changes in detail which may not be reflected in this parts book. Always consult your SANY distributor for the latest available information on your equipment or if you have questions regarding information in this book.

## Storing This Parts Book

This publication applies only to this machine model and should not be used with any other machines.

Always keep this parts book available for ready reference in case parts must be ordered, either in the workshop area or office and always be available to the maintenance and service personnel as required.

## Parts Book Organization

This parts book is divided into the various groups of similar parts or assemblies:

## Machine Information

The serial numbers and model numbers located on the machine components are the only numbers that your SANY distributor will need when ordering replacement parts or providing assistance for your equipment. Record this information either in this manual or another easy-to-access location for future use

A sample machine data plate is shown below and the location of that plate is shown on the following page.

## Parts Ordering

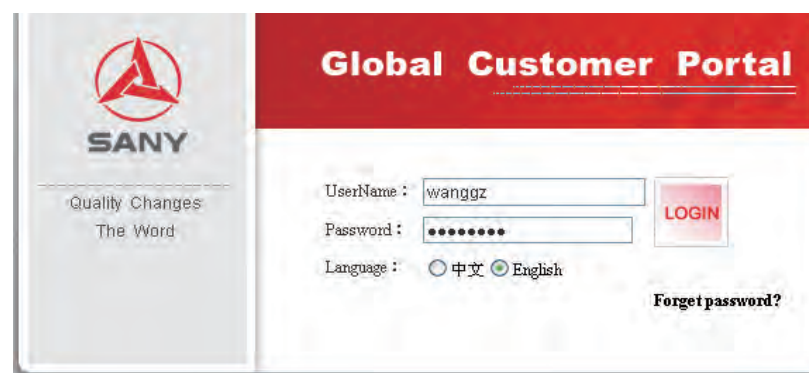

You may order spare and replacement parts in either of two ways.

- From your SANY distributor
- Online

To order from your SANY distributor, simply phone them and provide the part number, description and other requested data.

To order online, follow these easy steps:

1.Go to" <http://gcp.sany.com.cn/Login/Login.aspx>" and and enter with your username and password.

The screenshot shows the login interface for the SANY Global Customer Portal. On the left, there is a SANY logo and the slogan "Quality Changes The Word". The main area has a red header with "Global Customer Portal". Below the header, there are input fields for "UserName" (containing "wanggz") and "Password" (masked with dots). A red "LOGIN" button is to the right of the password field. Below the password field, there are radio buttons for "Language" with options "中文" and "English" (selected). A "Forget password?" link is located at the bottom right of the login area.

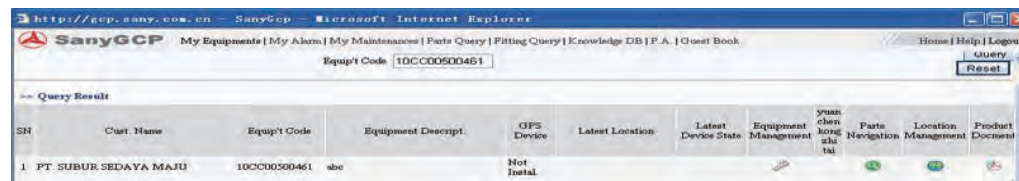

2. Left-click “More” to review the parts book interface.
